

Evaluating Expressions

Name _____

Key Concept and Vocabulary

Problem: You have 24 text messages on your phone, and you decide to erase 11 text messages. How many text messages are left on your phone?

Visual Model:

24 text messages

erase

11 text messages

Expression: $24 - 11$

Solution: Because $24 - 11 = 13$, you have 13 text messages left on your phone.

The word "erase" means you should subtract.
