

You can use an **example and non-example chart** to list examples and non-examples of a vocabulary word or term. Here is an example and non-example chart for similar figures.

Similar Figures

| Examples | Non-Examples |
|----------|--------------|
| | |
| | |
| | |

On Your Own

Make an example and non-example chart to help you study these topics.

1. corresponding angles
2. corresponding sides
3. perimeters of similar figures
4. areas of similar figures
5. indirect measurements
6. scale drawings

After you complete this chapter, make example and non-example charts for the following topics.

7. transformations
 - a. translations
 - b. reflections
 - c. rotations

"I'm using an **example and non-example chart** for a talk on cat hygiene."
