

# 6.1–6.2 Quiz

Find the two square roots of the number. (Section 6.1)

1. 196                                      2. 49                                      3. 400

Find the square root(s). (Section 6.1)

4.  $-\sqrt{4}$                                       5.  $\sqrt{\frac{16}{25}}$                                       6.  $\pm\sqrt{6.25}$

Evaluate the expression. (Section 6.1)

7.  $3\sqrt{49} + 5$                                       8.  $10 - 4\sqrt{16}$                                       9.  $\frac{1}{4} + \sqrt{\frac{100}{4}}$

Find the missing length of the triangle. (Section 6.2)

14. **POOL** The area of a circular pool cover is 314 square feet. Write and solve an equation to find the diameter of the pool cover. Use 3.14 for  $\pi$ . (Section 6.1)

15. **LAND** A square parcel of land has an area of 1 million square feet. What is the length of one side of the parcel? (Section 6.1)

16. **FABRIC** You are cutting a rectangular piece of fabric in half along the diagonal. The fabric measures 28 inches wide and  $1\frac{1}{4}$  yards long. What is the length (in inches) of the diagonal? (Section 6.2)
