English and Spanish Audio

All three Teaching Editions and all teacher resource materials are also available online.

The screenshot shows a web browser window with a toolbar at the top. The page content includes:

- Language selection: English and Spanish.
- Problem 12: **BASEBALL** A pitcher's earned run average is the average number of earned runs given up per nine innings. What is the earned run average of a pitcher who gave up 75 earned runs in 225 innings?

$$\text{Earned Run Average} = \frac{9R}{I}$$
 Callouts: "Number of earned runs" points to R , "Number of innings" points to I .
- Problem 13: Write a formula for the area of the shaded region in terms of x .
 Diagram: A square with side length 4. A smaller square with side length x is in the bottom-left corner. The shaded region is the area of the large square minus the area of the small square.
- Problem 14: Diagram: A square with side length $x + 4$. A smaller square with side length x is in the bottom-left corner. The shaded region is the area of the large square minus the area of the small square.
- Problem 15: Diagram: A square with side length $4x - 5$. A smaller square with side length x is in the bottom-left corner. The shaded region is the area of the large square minus the area of the small square.
- Problem 16: **REASONING** You know a parallelogram's area and base. Explain how you can find its height.
- Problem 17: **GOLD** The purity of gold is measured in carats or in percent. What number of carats represents 100% pure gold? Explain your reasoning.

$$P = (25 \cdot c) \div 6$$
 Callouts: "Percent" points to P , "Carats" points to c .
- Problem 18: **SNOWY TREE CRICKET** To find the temperature T in degrees Fahrenheit, take the number c of chirps per minute of a snowy tree cricket and subtract 40. Then, divide by 4. Then, add 50.
 a. Write a formula for the verbal description.
 b. In the morning, a cricket chirps 56 times in one minute. What is the temperature?
 Image: A snowy tree cricket.

At the bottom of the browser window, there is a "Done" button on the left and a "Unknown Zone" indicator on the right.
